

Syllabus for Math 3A (Course Code 44210)-Lecture A

Introductory Linear Algebra

(Temporary till April 10th)

Instructor: Hamid Hezari

Email: hezari@uci.edu

Office Location: RH 510J

Office Hours: MF 11am-12pm

TA (All Sections): Stephan Robbins

Email: srobbin2@uci.edu

Office Hours: Time and Location will be announced by your TA

Lectures and Discussions

44210	Lec	A	4 Hezari	In-Person	MWF 10:00-11:00	SSH100
44211	Dis	A1	0 Robbins	In-Person	Tu 9:00- 9:50	MSTB 124
44212	Dis	A2	0 Robbins	In-Person	Th 9:00- 9:50	MSTB 124
44213	Dis	A3	0 Robbins	In-Person	Tu 1:00-1:50pm	MSTB 124
44214	Dis	A4	0 Robbins	In-Person	Th 1:00-1:50pm	MSTB 124

Textbook: David D. Lay, Steven R. Lay, Judi J. McDonald, *Linear Algebra and Its Applications*, 6th edition, Publisher: Pearson. Purchase through the link on the course canvas page called “**Access Pearson**”.

Contents and Objectives: System of linear equations, matrix operations, determinants, eigenvalues and eigenvectors, vector spaces, subspaces, dimension, diagonalization, and orthogonality.

Grades Breakdown:

Quizzes:	28% (8 quizzes, the lowest grade will be dropped)
Midterm on May 11th	30%
Final Exam on June 8th	42%

Policy on curving the grades:

Raw numerical grades will not be curved but the letter grade scales will be curved. The same way that the students may not ask for their grades to be bumped up, it is against the university policy to reduce a student's grade based on the student's need or desire.

Quizzes:

There will be a quiz every week in discussion except week 1 and the week of midterm. Due to logistics and the number of students in the class, **there won't be a make-up quiz under any circumstance or condition**. However, the students will be given **eight** quizzes and the lowest grade will be dropped at the end of the quarter (Please note that the grade won't be physically dropped from Canvas gradebook, we just won't count your lowest grade towards your final transcript grade).

Note: Each quiz will be given towards the end of the discussion section. More details will be provided by your TA.

Quiz Schedule for Math 3A – Spring 2026

Quiz	DATE	SECTION(S)
1	Week 2	1.1, 1.2
2	Week 3	1.3, 1.4, 1.5
3	Week 4	1.6, 1.7, 1.8
4	Week 5	1.9, 2.1
5	Week 6	2.2, 2.3, 2.8
No quiz on week of midterm	Week 7	
6	Week 8	2.9, 3.1, 3.2
7	Week 9	3.3, 5.1, 5.2
8	Week 10	5.3, 5.5

Suggested Homework Problems:

A list of suggested HW problems is provided for you in the class Canvas page. Although the suggested HW sets won't be collected or graded, it is highly recommended that you work on them in order to do well in this course. Additionally and importantly, the **quiz questions will be very similar to these suggested HW problems**. You can find the list under Files/Class Files/Math 3A Suggested HW Problems. This list will be updated during the quarter as we cover new topics.

Exams:

There will be one midterm exam and one final exam for this course.

The in-person Midterm exam will be on Monday, May 11, from 10-10:50am.

The in-person Final Exam will be on Monday, June 8, from 10:30AM to 12:20 PM.

Important Notes to Remember:

- There are **NO MAKE-UP** exams (quizzes, midterm, or the final exam).
- Calculators, or cellular phones or personal computers **MAY NOT** be used during exams or quizzes.
- All the exams are cumulative (except quizzes).

Spring 2026 - Math 3A suggested syllabus (Tentative Plan)

LECTURE	DATE	SECTION
Mon	3/30/2026	Introduction
Wed	4/01/2026	1.1
Fri	4/03/2026	1.2
Mon	4/06/2026	1.2
Wed	4/08/2026	1.3
Fri	4/10/2026	1.4
Mon	4/13/2026	1.5
Wed	4/15/2026	1.6
Fri	4/17/2026	1.7
Mon	4/20/2026	1.8
Wed	4/22/2026	1.9
Fri	4/24/2026	1.9
Mon	4/27/2026	2.1
Wed	4/29/2026	2.2
Fri	5/01/2026	2.3
Mon	5/04/2026	2.8
Wed	5/06/2026	2.9
Fri	5/08/2026	Review
Mon	5/11/2026	<i>Midterm Exam (To the end of Section 2.9)</i>
Wed	5/13/2026	3.1
Fri	5/15/2026	3.2
Mon	5/18/2026	3.3
Wed	5/20/2026	5.1
Fri	5/22/2026	5.2
Mon	5/25/2026	Memorial day
Wed	5/27/2026	5.3
Fri	5/29/2026	5.5
Mon	6/01/2026	5.5
Wed	6/03/2026	6.1
Fri	6/05/2026	6.2 (If the time allows)

Waitlisted Students: Students on the **waitlist** are expected to attend the lectures and discussions and complete the quizzes by the same deadlines as the officially enrolled students.

CHEATING: Any academic dishonesty during quizzes, the midterm exam, or the final exam may result in receiving an **F** in the course and being **reported** to the office of academic integrity. Link to the **UCI policy of academic integrity**:
<https://conduct.uci.edu/academic-integrity/>

Pre-Requisite Review: If you need help with pre-req review, I highly recommend making use of **UCI Math Pre-Requisite Review Materials**, which includes videos, notes, and practice problems. These materials are crafted by UCI faculty and TAs. These free-to-use materials can be found at: [LINK](#)
